

DER Authorization Changes

2003 DER Seminar

Propulsion Break-out Session

Presented by:

Kathrine Rask

Senior Engineer, ANM-140S

Seattle Aircraft Certification Office

November 6, 2003
Slide 1

DER Authorization Changes

- ✍ **Changes were made to standardize authorization for Boeing DERs by the Seattle and Los Angeles ACOs**
- ✍ **Special functions for JAA approvals and conformity delegations clarified in Designee Information Network**
- ✍ **Special functions for ETOPS, System Integration -- HIRF/Lightning and Software deleted**
 - ✍ Every DER has these functions (dependent on specialty) – no longer special
 - ✍ No change in FAA expectations
